

Kamloops International Student Program Travel and Arrival Protocol - 2025

Please note: As travel regulations have changed frequently in past few years, students need to work with their travel agents and educational agents to assure that they are following the travel conditions in place at the time of their travel.

Our first priority remains the health and safety of our students, host families and school communities. It is important to note that Canadian educational institutions must follow the regulations and recommendations of various authorities, including the government of Canada, provincial and local public health authorities.

Please ensure you have an active personal email account that you every day.

Pre-Departure:

Communication and Relationship Building Between Homestay and Student

- Have several electronic meetings to get to know one another or re-connect
- Exchange emails and cell phone numbers and program into phones
- Confirm arrival plans
- Please also make sure you have handy your Homestay address and contact information.

Packing

Consider Pre-Purchasing a Canadian cell phone plan and SIM Card

- It is mandatory for safety and communication reasons that all ISP students have a Canadian cell number during their time in Kamloops.
- Our International program have recently collaborated with PhoneBox. Students can get a Canadian cell number and plan before they come to Canada.
- Students/Parents may order their SIM Card delivered to their home or eSIM through the link below:
