How to Bookmark a web page

On a Mac

You can bookmark a page using any of these three quick methods:

- **Keyboard Shortcut:** Press **Command + D** on your keyboard.
- **Top Menu:** Click **Bookmarks** in the menu bar at the top of the screen and select **Add Bookmark**.
- **Share Button:** Click the **Share icon** (a square with an up arrow) in the top-right toolbar and select **Add Bookmark**.

On an iPhone or iPad

1. Open the [Safari app](#) and go to your desired webpage.
2. Tap the **Share button** (the square icon with an arrow pointing up) at the bottom or top of the screen.
3. Scroll down the menu and tap **Add Bookmark**.
4. Choose your save location or folder, then tap **Save** in the top-right corner.

Windows

- **Keyboard Shortcut:** Press **Ctrl + D** to instantly save the page.
- **The Star Button:** Click the **Star icon** in the address bar. A menu will drop down allowing you to:
 - **Rename** the favorite.
 - **Select a folder** (like the *Favorites bar* for quick access).
 - Click **Done** to save.
